The
Hidden Oasis

The Hidden Oasis

When traveling through the Death Valley area consider visiting beautiful China Ranch, near Tecopa California. China Ranch is a family owned and operated small farm, a lush piece of greenery amidst the forbidding Mojave Desert near Southern Death Valley. Imagine towering cottonwoods and willows by a wandering stream. Date palms and abundant wildlife, all hidden away in some of the most spectacular scenery the desert has to offer.

The Ranch is also rich in history. The Old Spanish Trail is within walking distance, as is the historic Tonopah & Tidewater railroad bed. Hike to nearby abandoned mines if you wish, or just relax and browse through our store.

We offer home grown dates, as well as other California varieties. Try some delicious date nut bread, muffins or cookies, or take home one of our unique hand-crafted gifts.

If you are interested in learning more about the wildlife, plants or history of the area, try one of our interpretive guided nature walks. Learn about the geology, botany, birds, and early man in the area. The Old Spanish Trail comes alive again and much more. Visiting China Ranch can be a wonderful one day adventure or highlight of any trip to Death Valley.

We are not a resort or tourist development, but rather a working family farm in a truly unusual setting. We are located 85 miles west of Las Vegas, Nevada, off Highway 127 en route to Death Valley National Park. Camping, motels and free natural hot mineral baths are available in nearby Tecopa Hot Springs and Shoshone.

For more information write or call.

TECOPA HOT SPRINGS PARK

TECOPA, CALIF.

COUNTY
OF
INYO

PARKS & RECREATION DEPARTMENT

TECOPA & VICINITY

MINERAL HOT SPRINGS BATHS

Men and women's bathhouses are available along with a private invalid pool. These baths are free to the park users and the general public. The baths are open seven days a week throughout the year. The average temperature of the baths is 108 F.

HISTORICAL INFORMATION

THE TOWN OF TECOPA derived its name from a Paiute Indian, Chief Tecopa. Chief Tecopa reportedly once saved the people from Pahrump Valley from being killed by the Indians. "Tecopa" is taken from the word "Tacopet", meaning "wildcat".

Celasta Lowe of Nevada State University writes that one of Tecopa's main reasons for existence has always been its abundance of water in an otherwise arid land, so its main claim to fame is the Hot Springs. The Springs are a classic example of what word-of-mouth advertising can do. It began with the Paiute Indians, who tell of bringing their lame and sick ancestors to bathe in the hot mineral springs. Word has spread, until now people are coming from all parts of the world to help alleviate the miseries of arthritis, rheumatism, and other ailments.

RECREATION ACTIVITIES

A modern air conditioned Community Center is located at the park. It is open every day (except Christmas) from 9:00 a.m. to 9:00 p.m. The Center offers a library and reading area, television room, and multi-purpose room. Regularly scheduled activities are conducted daily.

Among these activities are:

A. Free Programs, including:

- | | |
|---------------------|-----------------------------|
| 1. Exercise Classes | 5. Game Nights |
| 2. Dance Classes | 6. Dance Socials |
| 3. Slide Shows | 7. Monthly Birthday Parties |
| 4. Lectures | 8. Movies |

B. Programs Requiring a Small Fee, including:

- | | |
|---------------------|--------------------|
| 1. Pot Luck Dinners | 2. Arts and Crafts |
|---------------------|--------------------|

Park visitors are welcome to take part in the programs offered at the Community Center.

Other recreational activities include: horse shoe pits, a picnic ramada with BBQ's, and an outdoor dance area.

ROCK-HOUNDERS & GEOLOGISTS

TECOPA has long been a favorite winter home of miners, prospectors, and retired people. Lately a new type of prospector, the rock-hound, has discovered its wonders. There are places in the Kingston Mountains, a few miles East of town, where amethysts are picked out of crevices in a cliff. South of town, is Sperry Wash, where there are beds of petrified wood of a quality hard enough to polish, which gemologists claim is rarely true of petrified rock. The opal beds near the old Amargosa Borax Works have long been a favorite spot for rock-hounds, and have yielded some beautiful stones. The beds near the highway are depleted, but determined prospectors are pressing further back into the hills, and are finding still more of this semi-precious gem.

GENERAL INFORMATION

A trip to the Southeast section of Inyo County is a delightful experience. For those who have not had the pleasures of a mineral hot springs bath, a visit to Tecopa Park is a must. The park features a campground with modern restroom facilities, showers, and bathhouses, and a Community Center.

There are 365 camping spaces. Some electrical hookups are available. Maximum stay is nine months.

A tour of Death Valley National Monument will highlight your visit to Southeast Inyo County.

Tecopa Hot Springs Park is located via State Highway 127, 5 miles South of Shoshone, turn Southeast on the County Road, then 3 miles South to the Park.
